PREPARING FOR WORSHIP

Sundays and Feast Days — Cycle B
by Daniel Donovan

An ideal way to prepare for Sunday's liturgy is with these beautifully written reflections on the assigned biblical readings. Beginning with Advent and running chronologically, each reflection focuses on the unifying themes that link the day's readings. The reflections combine Scriptural exegesis, modern scholarship, and theological and spiritual reflections. They examine the relationship of the Old and New Testament readings to each other. And they explain how the readings relate to us today.

Preparing For Worship is useful for both preachers and laity. In just two or so pages of elegant prose, the heart of each Sunday's message is concisely put.
